

# Downtown Historical Building Plaques

Main Street Dodge City is pleased to offer property owners an Historic Building Plaque for properties listed as contributing structures to the Downtown Historic District.. In order to make the plaques affordable to the downtown property owners, Main Street Dodge City will provide a significant portion for the cost of each plaque. Each plaque that is installed will link back to a brochure, as well as the Main Street Website, that will provide all the historical information available for that property. We hope these plaques will promote Dodge City's illustrious past and gain interest in Downtown Dodge City's historically significant buildings.
